The Honorable Lisa Jackson  
Administrator  
United States Environmental Protection Agency  
1200 Pennsylvania Avenue, N.W.  
Washington, DC 20460

Dear Administrator Jackson:

I am writing regarding a matter of grave concern to me and the over 11,000 citizens of my congressional district in the Village of Crestwood. According to various media reports over this past weekend, Crestwood residents have been exposed to drinking water contaminated with perchloroethylene (PCE), a chemical linked to cancer, liver damage and neurological problems. The source of the water is a well operated by the Village of Crestwood. I am incensed to learn that over the past 20 years, more than 51 million gallons of poisonous water per year has been distributed to Crestwood residents.

It has been reported that the Illinois Environmental Protection Agency (IEPA) and the Illinois Attorney General have initiated investigations into this matter at various stages. Additionally, I am advised that certain documents, investigations, and communications have been produced and conducted regarding this matter over the years, which may or may not have involved the U.S. Environmental Protection Agency (USEPA).

As the duly elected federal representative of the citizens of Crestwood, I am appalled that this situation has not been brought to my attention by the responsible federal and local governmental agencies. Therefore, I am requesting an informational meeting with you this week regarding the content and context of any federal involvement in this matter. I am specifically requesting that you provide me with a full report on the status of the enforcement procedures and obligations in this instance under the Safe Drinking Water Act, whereby municipalities are required to verify the safety of local drinking water under Section 114 of P.L. 104-182.

Congressman Rush Letter to The Honorable Lisa Jackson

Should you have any questions or concerns, please contact my Legislative Director, Christopher Brown, at (202) 225-4372 or [cmbrown@mail.house.gov](mailto:cmbrown@mail.house.gov). I thank you for your time and attention, and I look forward to meeting as soon as possible to discuss this matter of extreme importance and urgency.

Sincerely,

A handwritten signature in black ink, appearing to read "Bobby L. Rush". The signature is fluid and cursive, with the first name "Bobby" being more prominent than the last name "Rush".

Bobby L. Rush  
Member of Congress
